

Outlook - November 2025 Levy Renewal

Madison Local Schools has been aware that a tough financial situation was on the horizon. They have worked diligently to reduce costs to improve the district's financial outlook. Our district is placing a Levy Renewal on the ballot for November 4th. This is a continuation of the \$1.1 million Emergency Levy that has been in place since 2005. This accounts for only 5.5% of the District's operating budget. District residents are currently paying just \$140/year per \$100,000 property valuation. This is a fixed dollar amount that does not increase with your property value.

In the three columns below, you will find information on the reductions that have already been made, changes that will be made should the levy renewal pass, and the additional cuts planned should the levy renewal fail in November.

Reductions Already in Place

- Middle School STEM Teacher
- Foreign Language Teachers
(no in-person foreign language teachers)
